

We live in a small town in central Washington and our favorite radio station is K-Love, which we receive via FM translator. K-LOVE provides contemporary christian music, news and words of encouragement. It is a family friendly station that we never have to censor. We are a family of 4 with 2 teenaged sons and all 4 of us love K-LOVE! How many times do you find a radio station that teenagers and parents all enjoy? We are very concerned about the proposed expansion of LPFM stations that would be given priority over FM translators. Losing K-LOVE would have a very negative impact on our community. there is no other station like it in our area. We believe that K-LOVE is in the public interest because it promotes positive, wholesome values and provides encouraging entertainment for listeners of all ages. we have friends in another state that had a K-LOVE radio station for several years before we got one in our area. We were so thrilled when we finally got our K-LOVE station. Please don't allow it to be taken away.
